

AN AMAZING DAY CLOSE TO NATURE

Nuremberg Zoo is set in an extraordinary and unique landscape. On your walk through the large, densely wooded park you can discover more than 300 species of animals, about 40 of them considered as vulnerable, endangered or threatened of extinction by the International Union for Conservation of Nature (IUCN).

Explore life at the Amazon, complete with rainfall periods, at the Manatee House. Go to the Blue Saloon with its vast panorama windows and experience the fascinating underwater world of manatees, dolphins and sea lions.

On your walk you will discover unique open-air enclosures – skilfully fitted into the red sandstone rock face – housing polar bears, lions, tigers and eurasian lynx.

Enjoy the diversity of our gastronomic offer and watch your children play and train their skills at one of our playgrounds. Get close to our animals in the Kinderzoo.

To get the maximum out of your experience visiting Nuremberg Zoo, we recommend you to book one of our guided tours. Be sure to discover all the best spots!

Our **free App** will help you to find your favourite animal and to get there on a barrier free route.

GUIDED TOURS

We offer a **GUIDED TOUR** with more detailed information about our animals and the Nuremberg Zoo.

Please contact
Office „Zootouren“
phone +49-911 - 231-35 12 8
